Double-strength glass (optional): \$ _____ per sq. ft.

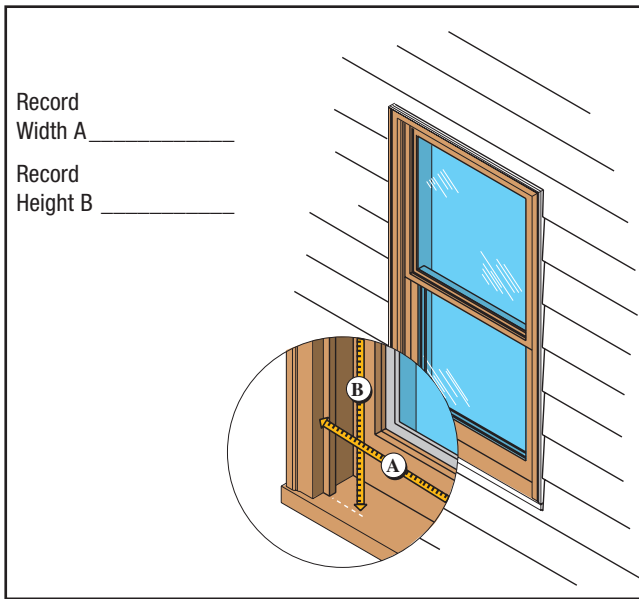

Add fiberglass screen to any unit: \$ _____

SecurePRO™ L92 Security Storm Window Ordering Information

To provide the most secure mounting application, SecurePro™ storm windows are ordered by the opening size using the Overlap Application method. A blindstop or inside mount application is not recommended.

WHEN MEASURING:

Determine size by measuring your existing window opening as show below. Record opening width A first and opening height B second. Round down to the nearest 1/8".

WHEN ORDERING:

- Provide the Opening Size
- Specify if Insect Screen is needed

OVERLAP application: For manufacturing purposes, we round the size provided down to the nearest 1/8" in width and height and then upsize the width by 1" and the height by 3/4". An expander is provided to achieve the overall height.

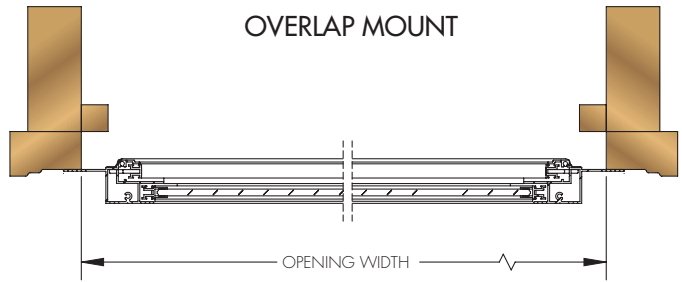

L92 SECURITY STORM OPTIONS		add per unit
Insect Screen (Fiberglass)	\$	
Double Strength Glass	\$	

NOTE: ALL ORDERS ARE CUSTOM AND ONCE PLACED CANNOT BE CANCELLED. PLEASE ALLOW 3 TO 4 WEEKS FOR DELIVERY.

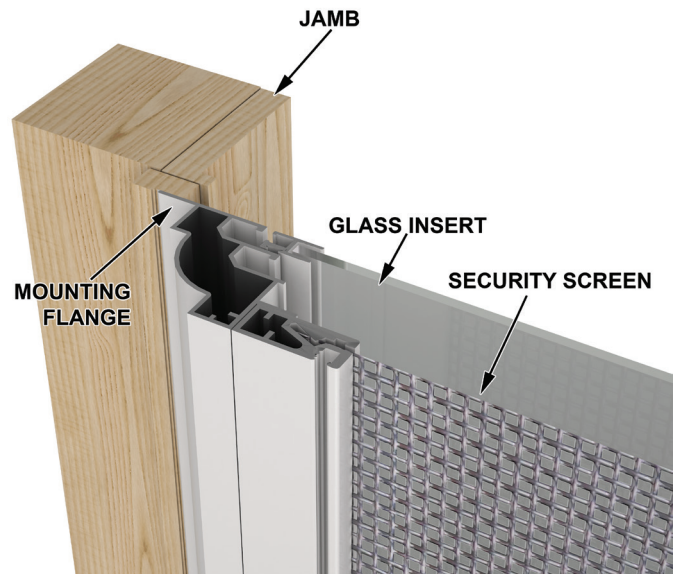

LARSON® LIST PRICES.

Upon receipt of goods ordered, please examine for proper models, sizes and colors. LARSON® will replace products if a manufacturing or shipment error is made. LARSON® will not be liable for any installation charges or any other costs incurred. Larson Manufacturing Company reserves the right to alter or discontinue any model, specifications, warranty or price without notice.

OVERLAP APPLICATION

OVERLAP APPLICATION EXAMPLES:

Opening Size Ordered	Manufactured Size
