

Stylish contours. Natural wood beauty. Hammered-metal looks. The new Marquee Railing® System from TAMKO® incorporates the finer details that create an appearance of remarkable distinction. And with five railing colors and five accent colors available, the customization options are extensive. Marquee railing is offered in kits to help make installation fast and easy. To choose the right kits for your specific application, simply follow the detailed steps in this Kit Selection Guide.

A SELECT YOUR STRAIGHT AND STAIR RAIL KITS
Marquee straight rail kits come in 6' and 8' lengths (stair rail kits available in 6' lengths only). Five different railing colors are available. Use the charts on page 3 to select the appropriate kits for your project.

B SELECT YOUR POST SLEEVES AND POST MOUNT KITS
Post sleeves and post mount kits are sold separately from the straight and stair rail kits. Use the chart on page 4 to determine the right post sleeves and post mount kits for your application.

C SELECT YOUR BRACKETS
Marquee brackets are sold separately from the straight and stair rail kits. They're available in traditional white and four additional colors that create a hammered-metal look. Refer to the options on page 5.

D SELECT YOUR BALUSTER KITS
The baluster kits are sold separately and can be mixed and matched with the different handrail options. They are available in five colors and 36" or 42" rail heights.

E SELECT YOUR POST CAPS AND RINGS
Marquee post caps and rings are also available in four hammered-metal looks, in addition to the traditional white. See page 5 for details.

F PLACE YOUR ORDER
Take this sheet to your local distributor, or contact TAMKO® at 1-800-641-4691 to find a dealer in your area.

Sketch the layout and dimensions of your deck.

Use the graph paper below to determine measurements and the number of kits you will need.
