## VIATERA® BENEFITS

### Strong & Durable

Viatera® is made from 93% natural quartz, one of the hardest minerals on earth. As a result, Viatera® has a much higher tensile strength than natural stone.

### Hygienic & Non-porous

Viatera® is a non-porous surface and safe for food preparation. It is certified by NSF(National Sanitation Foundation).

### Stain Resistant

Quartz is an impervious crystalline mineral that is particularly resistant to absorption.

### Heat Resistant

Viatera® is heat resistant, capable of enduring heat from cooking appliances for short durations.

### Easy Care

Non-porous and easy to clean, Viatera® is ideal for kitchen and bath applications. Unlike other stone products, Viatera® does not require sealing.
