Representation of these colors is as accurate as modern technology will permit. As with any composite product, color variations will occur. View several full length boards prior to final color selection. Colors will usually weather to a lighter shade within the first several months of exposure to the environment. Color selection may vary across profiles.

The TAM-RAIL® Railing System is ideal for multifamily and commercial applications. Select from colonial or square balusters and add the finishing touch with a designer post cap.

MARQUEE

RAILING

Our Marquee Railing® System incorporates the finer details that create an appearance of remarkable distinction. Post caps, rings and brackets designed with a hammered metal look, and solar lighting options provide a unique finishing touch.
