Hardware Resources believes in the quality, integrity and reliability of their products and warrants all products to be free from any defects in material and workmanship.

11 Organize Your Kitchen in **minutes** or less

Kitchens have become the ultimate space for multitasking –we cook, dine, entertain, play, and even use it as a home office. It is the hub of the home making it the ideal candidate for clutter and disorganization.

Take control of your kitchen with Elements™ by Hardware Resources line of easy-to-install cabinet organizers. With just a screwdriver and a few minutes, you can quickly restore order in your kitchen giving it that extra level of functionality and space.

11 Organize Your Kitchen in **minutes** or less

Measuring Tape

Phillips Screwdriver

All you need:

Pencil (optional)

11 Minutes!

It's *That* Easy!

1 *Measure*

Measure your cabinet's interior width, depth and height. Hold your tape parallel to the cabinet's walls. Note any pipes, shelves, or hinges that may affect actual available space.

2 *Set*

Set your organizer in place making sure you can open and close the cabinet door easily. If the organizer installs on the cabinet door, consider marking two points to help with alignment.

3 *Secure*

Using your Phillips screwdriver and the screws provided, secure your organizer in place.

Cookware & Appliances
